Former Tronox/Kerr-McGee Wood-Treatment Facility
Springfield, Missouri

WHEN: Thursday, December 8, 2016 at 7 p.m.

At our public meeting on September 14th at The Library Station, the Multistate Trust reviewed with you our plans for environmental sampling. We have obtained initial results and want to share this information with neighbors near the Facility. At the meeting on Thursday, December 8th, we will share what we have learned so far, explain what we plan to do next in your neighborhood, and do our best to answer your questions. We will provide materials that describe in more detail our findings and our future work. Representatives from the Multistate Trust look forward to getting together with you. We hope you can join us on December 8th.

Please contact Lauri Gorton of the Multistate Trust at (414) 732-4514 or lg@g-etg.com if you have any questions or concerns.
